

A blue-tinted photograph of three people in a meeting. A woman on the left is pointing at a whiteboard covered in sticky notes. A man in the center is gesturing with his hands. A man on the right is looking at the whiteboard. The text 'SCRUM MASTER TRAINING' is overlaid in large, bold, white letters with a blue glow effect.

SCRUM MASTER TRAINING

Our Scrum Training course is a two day application of Scrum. In addition to covering the fundamentals of Agile, we also give participants a practical experience of the Scrum Framework roles, artefacts and events.

The objective is to provide effective working knowledge in the creation of high performing and self-organising teams to Scrum practitioners of all levels of experience.

Intended audience:

- ✓ Developers;
- ✓ Business Analysts;
- ✓ Project Managers;
- ✓ Middle-Managers;
- ✓ Line Managers
- ✓ and Scrum Masters who understand the impact of, and need for organisation change.

THE START OF YOUR AGILE JOURNEY

1. AGILE PRINCIPLES

Covering the Agile manifesto and principles as well as the empirical process control model.

2. RETURN ON INVESTMENT

ROI of Scrum Framework vs traditional methodologies.

2. PRACTICAL

Practical simulation of the Roles, Rules, Artefacts and Scrum Events.

4. SCRUM FRAMEWORK

Theory of the Scrum framework, looking into the Roles (Product Owner, Scrum Master, Team Member) Artefacts (Product Backlog, Sprint Back-log, Definition of Done) and Scrum Events (Backlog grooming, Planning (Part 1 & 2), Sprint review, Retrospective and Rules.
