

**EMERALD SIMPLIFIES
FICA**

Emerald Consulting, a subsidiary of DVT, revealed a solution for managing the FICA compliance process. It is designed to manage the entire process electronically, allowing companies to avoid unwieldy paper-based procedures. Emerald Consulting MD Hanri Edwards says:

"The automated solution saves companies time, and it is convenient and reliable. The Financial Intelligence Centre Act 38 of 2001 (FICA) was introduced to help prevent financial fraud, money laundering and other related crimes. The Act requires all banks, finan-

gies to increase mobile Internet bandwidth.
