

DVT, S1 BRING EXPERT

Over 135 people attended a presentation given by James Bach, one of the world's leading authorities on software testing and quality assurance (QA), at the BMW Pavilion, in Cape Town. Bach was speaking as a guest of S1 and DVT, two of Cape Town's leading software development houses. "DVT is renowned for the percentage of successful projects it delivers," says CEO Chris Wilkins. "This made it a pleasure and a privilege to be aligned with Bach and S1, which are equally committed to the notion of software quality and proper testing."
